

## WE WANT TO START THIS PATH TOWARDS WYD IN LISBON IN 2023 TOGETHER

We have started the path to WYD Lisbon 2023, getting in touch with the young people of the Teresian Association.

We dream that everyone can participate, especially those from Europe, also open to other continents.

This group, in addition to participating in the meetings with the Pope, would have their own meeting before or after the event. The itinerary until reaching Lisbon will be developed little by little, with the participation and presence of young people on the course of preparation.
